

vintage lambic + other rare beers

gonzo has long championed the magical beer style that is Lambic, the spontaneously fermented sour ale native to the region of Pajottenland in & around Brussels. Characterised by the wild yeasts of the area, that cause a funky barnyard character + become more complex over time in barrel or bottle. the beer is either blended (1, 2 & 3 year old Lambic) expertly into a 'Gueuze' or on macerated fresh fruit to deliver a puckering + mouth-watering beer of incredible quality.

3 Fonteinen
